INSTRUCTIONS FOR TRIGGER

- Please use separate forms for each transaction under each folio.
- Unit holders are requested to tick only one trigger situation/action mentioned under Sec A & B above, per transaction. In the event of multiple triggers for a particular transaction, the trigger request will be deemed to be cancelled.
- Please note that trigger is an additional facility provided to the unit holders to save the time for completing the redemption/switch formalities on happening of a particular event. Trigger is not to be conceived as an assurance on part of Nippon India Mutual Fund that the investor will manage to received a particular sum of money/appreciation/and/or fixed % of sum.
- NAVs of the schemes are declared at the close of the business day and hence Value of the unit holder's unit holdings based on the end of day NAV will be considered as a base for activating the triggers. Accordingly, all the redemptions/switches etc will be done on the following transaction day on which the event occurs.
- A trigger once activated will not be reactivated in any other plan/scheme where the Switch happens or in the same plan which retains a part of the value or in case of normal redemption/switch before the trigger is activated. Triggers will be deactivated on redemption and/or switch and/or pledge of units.
- This form duly completed must be submitted at the nearest Designated Investor Service Centre of NIMF.
